

Jonas Bossaerts

DEVOPS ENGINEER

Profile

Motivated & enthusiastic team player looking forward to learn new skills and evolve in my career as a DevOps Engineer. Other big interest are Cybersecurity, Open Source tools & basketball.

Employment History

Devops Engineer Consultant, Axxes IT Consultancy, Antwerpen

AUGUST 2022 – PRESENT

- My first project as a consultant was working for the Bank van Breda, where I automated the IT Helpdesk their mailbox & ticket system. I also developed the IAM Automation scripts for new users and new roles.
- My current project is working for IMDC (part of the Engie Group). This position gives me the opportunity to maintain their pipelines, deploy apps on AWS using tools such as Terraform, Rancher, Kubernetes, Docker, Gitlab (CI/CD) and automate daily tasks.

DevOps Engineer Intern, Bryxx, Amsterdam

MARCH 2022 – JULY 2022

- I chose to do my Erasmus internship in Amsterdam where I developed a multicloud setup on AWS and Oracle Cloud using tools such as Terraform, Consul, Kubernetes, Bash, CI/CD, ...

Teacher, Logischool, Antwerpen

JULY 2021 – JULY 2022

- I taught students to develop programs and help them understand the logic behind programming and computers.
- Provided tutoring services to students seeking assistance in C# development.

Education

Bachelor in Applied Computer Science, KdG University of Applied Sciences & Arts, Antwerpen

SEPTEMBER 2018 – JUNE 2022

I completed my Bachelor here as a System Engineer, specialized in DevOps and experience with CyberSecurity.

Applied Science & Economics, Sint-Jozef High School, Kontich

SEPTEMBER 2016 – JUNE 2018

Economics & Mathematics, Pulhof High School, Antwerpen

SEPTEMBER 2012 – JUNE 2016

Courses

Hashicorp Certified: Terraform Associate, Hashicorp

SEPTEMBER 2023 – SEPTEMBER 2023

Linux LPIC 1, Linux Professional Institute

SEPTEMBER 2022 – SEPTEMBER 2022

Traineeship, Axxes IT Consultancy

AUGUST 2022 – SEPTEMBER 2022
